### **Media/Photo Release Information 2005-06**

Dear Parent(s):

In order to promote the Westlake City School District, we frequently take photographs of students. Some of these photos will be used in promotional pamphlets, community newsletters, newspaper advertisements, annual report and on the district Web site, among other places.

On occasion, print and television media also come into the schools to cover events. Your child's name and image may appear in newspapers and on television if he or she is participating in one of these events, wins a special award, etc.

If you agree to provide permission for your child's name and image to appear in the media or in any district publications, please sign and return this form to your child's building principal.
